IT'S A GIFT
 When party clothes are so exuberant, they speak for themselves—you simply put them on and show up. This strapless confection (Yeohlee) has an enormous, unashamedly girly bow that wraps you like a Christmas surprise, yet it's rather sophisticated, too (black-and-white mixes always are). You needn't work overtime at gilding the lily, but we like the extra dazzle of a glittery brooch (Majorica), pendant earrings (Kentshire), and a whimsical fan-shaped satin purse (Lulu Guinness). Photographed at the Viceroy hotel, Santa Monica. ▶
